

ADJUSTABLE HEIGHT CUBE TROLLEY MRI - NARROW

The Cube Trolley is an adult trolley that can be 'folded' for easy storage.

Product description:

The trolley is narrower than our standard trolleys, making it suitable for use on mobile units or where space is a premium. This trolley bed is height adjustable between 950mm and 630mm. It has a manually adjustable backrest, drop down cot sides, four lockable castors, IV pole and two fixing points. Supplied with a 50mm thick welded mattress. The standard trolley colour is blue, but other RAL colours are also available.
